At the start of the 20th century this infamous city didn't even exist, and whoa, daddy! Just look at us now. With a worldwide reputation to uphold, Vegas is the place for any kind of grown-up diversion you bet you won't find anywhere else. Our Vegas Cafes are easy to find no matter how many free drinks you may have had, with an 84-foot neon guitar at the entrance marking the place. Just look up into the desert night and you'll see us standing tall. Inside you'll find the "Interactive Touch wall" or "The Tower of Power"

The Hard Rock Cafe Las Vegas - you just might get lucky inside these doors.

In The Beginning

The first Hard Rock Cafe (HRC) opened its doors to the public on June 14, 1971, in London, England. Founded by Isaac Tigrett and Peter Morton, two enterprising and music-loving Americans, HRC was an instant classic, attracting droves of customers with its first-rate, but moderately priced casual American fare, warm service and ever-present rock 'n' roll music and sensibility. Although it was initially decorated with an eye toward eclectic Americana, HRC has ultimately become the world's leading collector and exhibitors of rock 'n' roll memorabilia.

Since its inception, Hard Rock has remained extraordinarily faithful to its original intentions. Its rock 'n' roll sensibility - an HRC birthright - remains at the very center of all Hard Rock restaurants and all expansion efforts undertaken by Hard Rock Cafe. Classic American food, served up by a capable, caring and attentive wait staff, is still the "order" of the day at HRC. And a never-wavering commitment to wide-ranging altruistic causes -under the banner 'Save The Planet'- has helped make Hard Rock a legitimate cultural force, from coast to coast, continent to continent.

Throughout its history, Hard Rock has been governed by a guiding service philosophy - "Love All - Serve All." Created as a place where all have always been welcome, regardless of age, sex or class; this unconditional welcoming hand, first extended by Messrs. Tigrett and Morton, continues today as integral to Hard Rock's present and future as it was to its beginnings.

Today, Hard Rock Cafe International, with Hard Rock Cafe at its core, is an entertainment and leisure company that continues to successfully expand the Hard Rock Brand through myriad music-related ventures.
